

## The JuiceWorks - Edinburgh

### FANCY SOMETHING DIFFERENT FOR BREAKFAST OR LUNCH?

The JuiceWorks offers a range of exciting goodies, including some products unique to Edinburgh. For example, Matcha green tea has been described by one nutritionist as 'regular green tea on steroids'; it packs that powerful a punch! This superfood appears in a smoothie and also as part of a range of bubble teas. If you have kids who want fun party food take a look at their Juice Machine kids party menu. Your celebrity for the day can have a range of yummy and healthy food and drink delivered by their very own party banana! What's more they try and guarantee no Es to drive the little darlings (and you) crazy. If all that's not enough to whet your appetite (or get the juices flowing) they also offer a loyalty card and if you mention The Grapevine and ask nicely they will give you a discount on their full range of juices and smoothies. They are located at 241a Morningside Road (just down from The Canny Man's). But they can also deliver to your home and office catering for your busy lifestyle.
